**PLEASE FAX TO 812-944-6900 or may order via electronic prescribing.**

**We offer many compounds for men that contain Testosterone - a Schedule III controlled substance which requires electronic prescribing.** (If you have questions about this, please give us a call.)

**Some of these products are listed below:**

- Testosterone cypionate 100mg/ml injection – 1 and 10 ml vials
- Testosterone 10% and 20% cream
- Testosterone 100mg and 200mg troches
- Testosterone Nasal Spray 0.6mg/ml
- The Wiley Protocol for Men Testosterone Cream

❖ *If you do not see a strength or product you would like to prescribe, please give us a call. We compound custom formulations as well.*

**E-prescribing instructions for compounds (preferred - easiest and fastest for retrieval)**

1. Select the compound in the Medication Field. If your e-prescription program does not have a customizable compound option, select a similar product and include the compound to be dispensed in the “Notes” field.
2. Select the appropriate quantity.
3. Enter directions.
4. In the notes field you must include the description of the compound to be dispensed if not indicated in the medication field. Please include the compound name, strength and quantity.
5. Enter refills if appropriate.
6. Enter diagnosis code if appropriate. (Not required)
7. Send to Westmoreland Pharmacy, 1945 State Street, New Albany, IN 47150.

Please don't hesitate to contact us if you have any questions. We are here to help!
